## South Students Suit Up For Go Signal In Exploring Wonders Of Future

Clumsy little ships, canoes of hollowed-out logs, oxen-drawn covered wagons, bungling locomotives and flying machines were man's first instruments of travel, of investigating the unknown. Now, a new era has dawned—the age of space exploration via Gemini rockets, the latest development in man's urge to learn and to improve. High school students have begun their own explorations. Through study and research they strive to attain the know-how and skills to help them move ahead and enjoy the wonders the future holds. Vehicles change, but the spirit of challenge remains the same. Knowledge is essential. The time for explorers is 1966—NOW!

To Kathy:  
 a really cute  
 and funny girl.  
 Don't ever change!  
 (That's an order!)  
 Hope to see you  
 next year. Be  
 good and have fun  
 this summer.

## SDHS Explorers Grow Wings

### To Fly To Exciting New Worlds

Every day in the classroom, laboratory, or shop, students prepare for their future. They learn to operate a dictaphone or calculator which trains them for an office career. Shop classes help them to use a slab milling machine or a drill press which familiarizes them with skilled factory work. Moreover, home economics classes teach girls domestic skills, or a math class is spurring students to greater concentration and more sound reasoning. And what is more practical than lessons in first aid or home nursing? Maybe they are bringing culture and self-expression into their lives through an art class or the study of music or drama. Wherever their interests lie, young people are developing proficiency that will remain with them all their lives. As explorers of a new age, abundant opportunities and unlimited discoveries lie ahead. This is South Division 1966; the challenge is here and now. Are we ready to meet it?

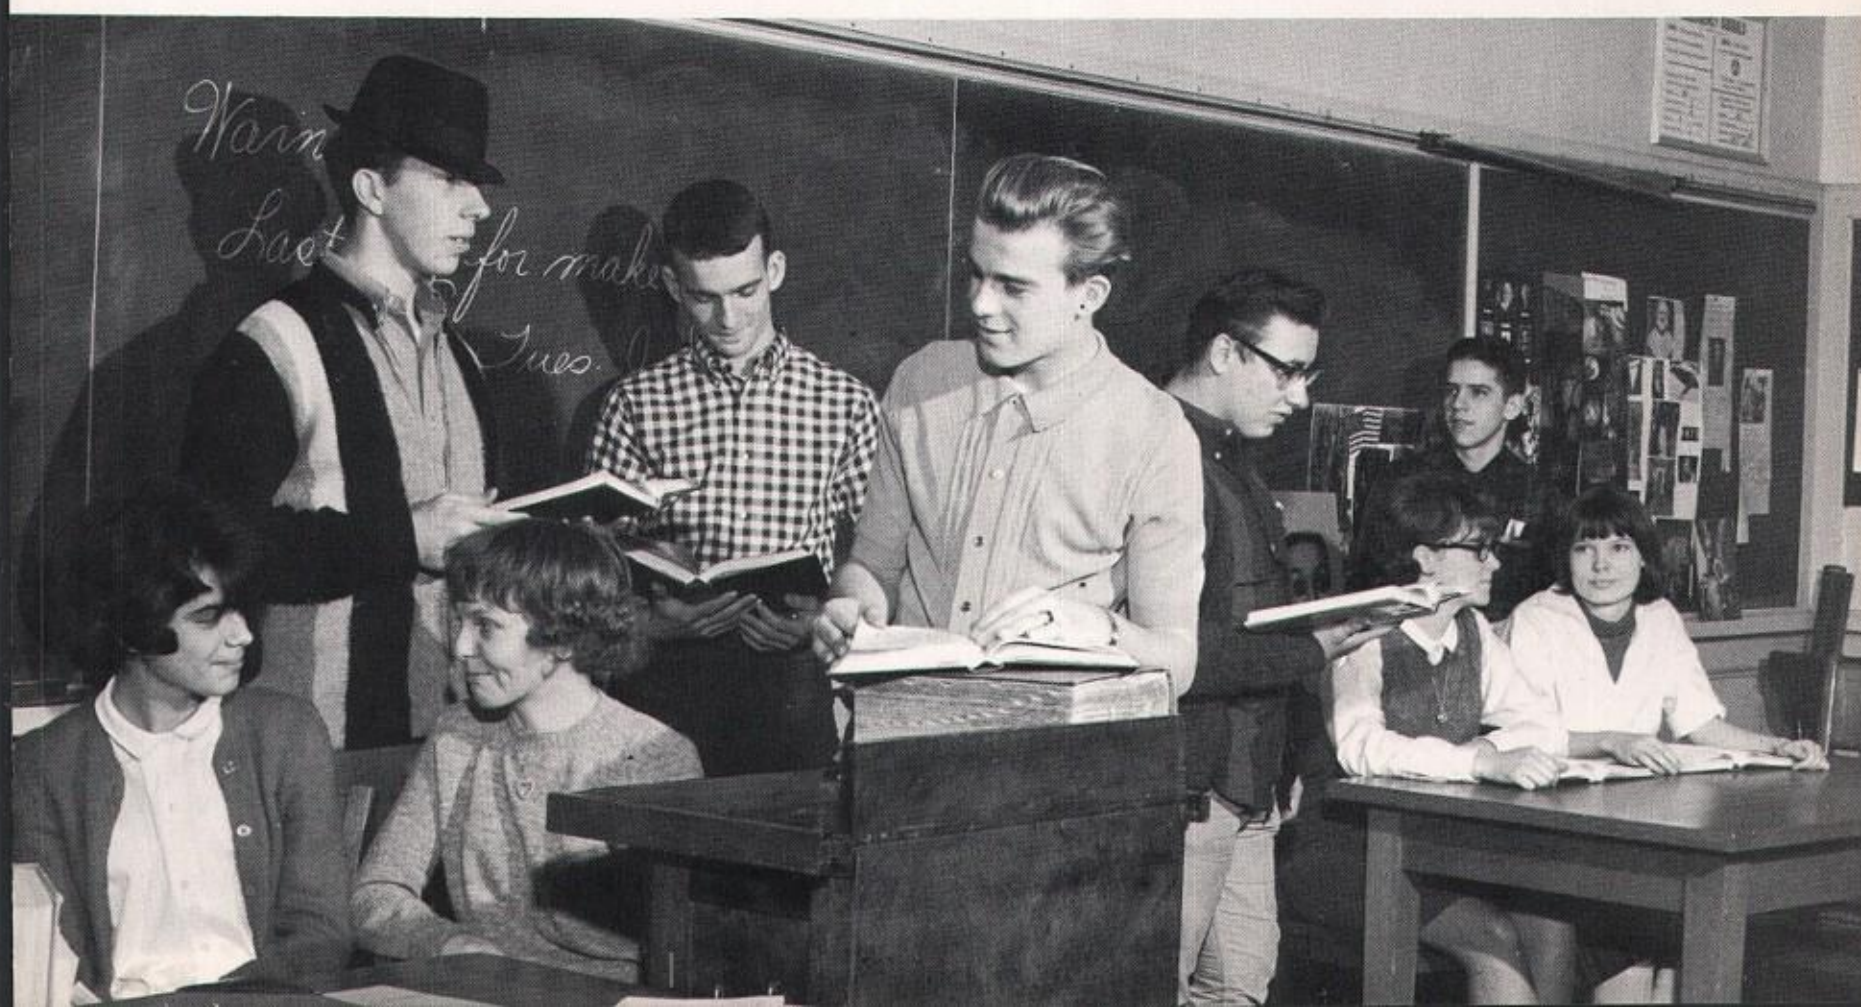

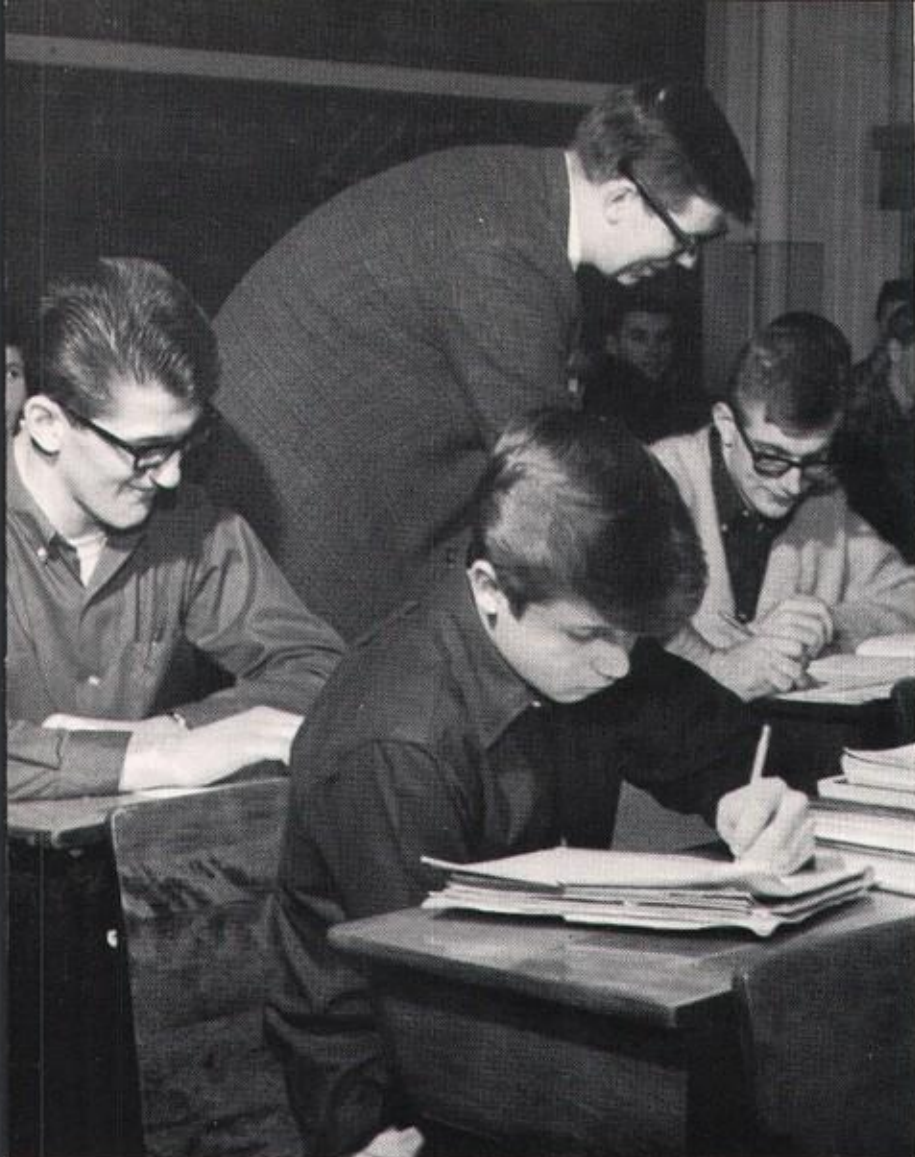

To the  
 sweetest of  
 all the sweets  
 its been a real  
 pleasure knowing you  
 all these years I hope  
 to see you again in  
 the future.  
 Best wishes

FACULTY

PRINCIPAL ALEXANDER E. MORSTAD

"There is no top!  
No matter how high we rise,  
We discover infinite distances above."

Less than a century removed from the one-room school, outfitted with rows of two-seater desks, a pot-belly stove, and shelves of McGuffey readers, we strive for ways and means to prepare a new generation to understand and to master the mys-

teries of the space age. We are faced with the job of educating more students than ever before and doing it faster and better. Like Alice in Wonderland once said, "You have to keep running just to keep up." With all of our exploring in this exotic and ever changing world, our basic obligation to youth is still to know him, to respect him, and really to care for him. This unlocks the door to real learning and growth.

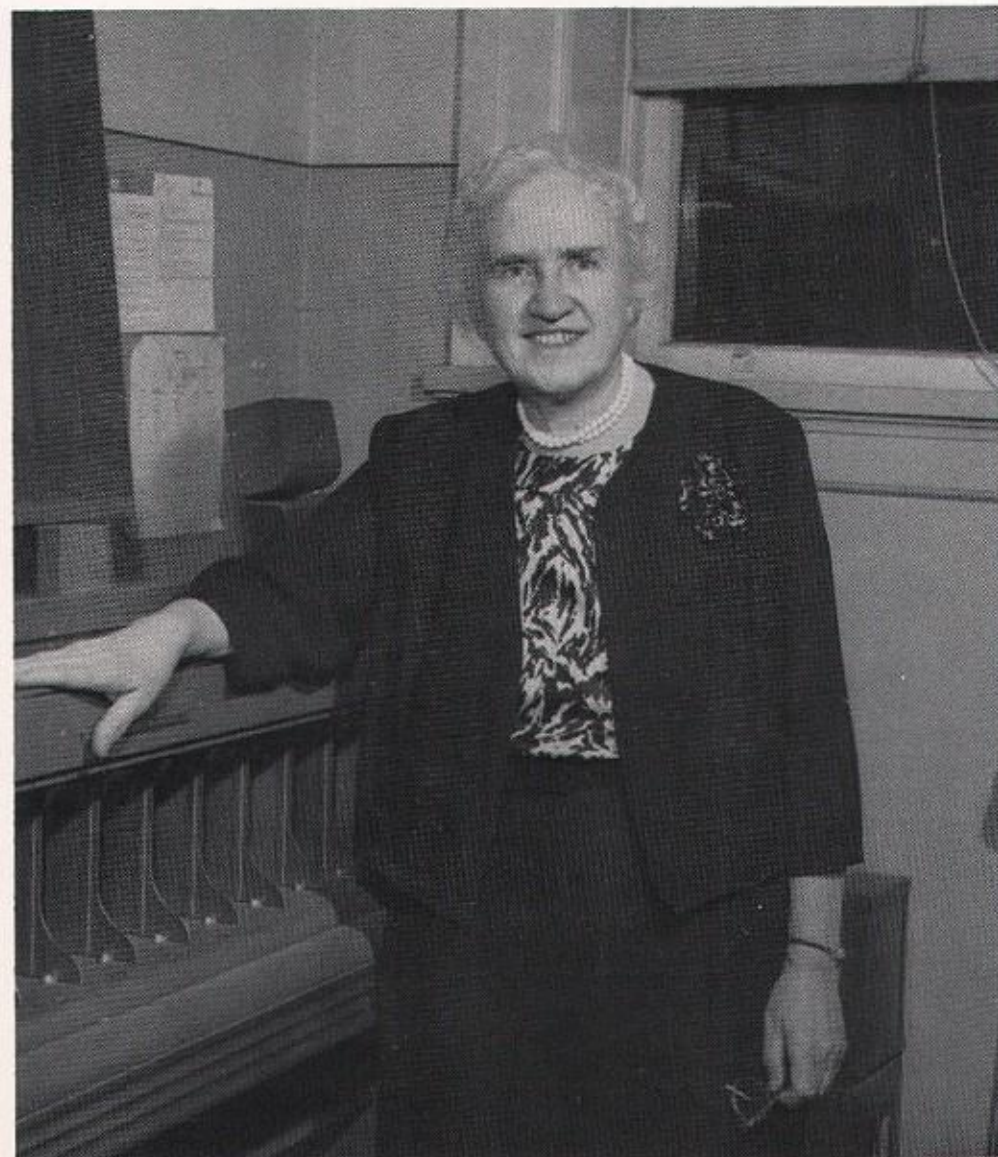

VICE-PRINCIPAL PHILL T. MAY

Exploration is searching for new discoveries. We can seek the unknown only when we have full knowledge of the known. At this point we can determine which direction we should take to progress. Truly, "Progress in Exploration" could be a good definition of education, which acquaints us with all that has already happened, and thus prepares us to meet the future. South Division has participated in this training since before the turn of the century. There is no way to measure how many seeds were sown in the minds of the thousands of students who have passed through our school—seeds which often take years to develop. But of one thing we can be sure—South Divisionites have made many fine contributions to our world's fabulous "Progress in Exploration."

ASSISTANT PRINCIPAL

MISS ESTELLE R. STONE

"Exploration and Discovery," always motivating educational progress, has in recent years radiated in all directions. Antibiotics, nylon, cellophane, radio, television, laser beams, IBM computers, and orbiting-astronauts were totally unknown to the world in 1899 when South Division first welcomed its students to Coblenz Hall. What a "Knowledge Explosion" our dear old school and others have witnessed and shared a role in preparing. The spirit of research and creativity has always spurred students onward. Opportunity may be knocking at *your* door. Remember that continuous youth and adult education is absolutely necessary to keep pace with current scientific advancement on land, in outer space, and in ocean depths. With God's blessing and help, may greater "Exploration and Discovery" be also focused upon greater human understanding for world happiness and peace.

**2 CIVIC MUSIC MEDAL**—January graduate Joan Di Vil was awarded a medal for her contribution to South's musical organizations. Because of her outstanding ability in playing the piano, she was the accompanist for many school programs.

**3 JOURNALISM HONORS**—*Seated:* Carol Czerwinski, Susan Wysocki, Rosalie Greco, Marilyn Gebhard, Robert Hanstad. *Standing:* George Grkavac, Jon Smantz, Vera Budimir, Mary Hintz, Karen Gilbert, June Litkowski, Mary Giombi, Mary Barlow, Roy Kopling. For their many hours of service in publishing the newspaper and the yearbook these editors were

awarded gold pins. Like any piece of effective school machinery the publications program must operate as efficiently as the modern printing press which turns out the finished product. Properly trained and devoted staff members are the prime force behind any first class publication, such as *The Cardinal Weekly* and *The Cardinal Annual*.

## Victory Blast Sets Off Big Homecoming Celebrations

With screams of wild excitement, Cardinal fans surged over the stadium wall and onto the field to cheer their team that broke a twenty-game losing streak. Tears, laughter, and cries of "We finally did it!" were everywhere. The long-awaited day of victory had finally arrived. Prompted by the color and spirit of homeroom decorations and floats, the exploding cheers and excitement of Friday's pep rally, and the pride and loyalty of fans in their decorated cars, South whooped it up in true shoulder-to-shoulder spirit. The thrill of the Homecoming victory reached its peak as the Cardinals celebrated beneath red and white streamers at the biggest and best dance in years. With the crowning of King Bob and Queen Karen and the presentation of the Court of Honor, the evening's festivities reached a climax. Homecoming 1965—a day to remember in the annals of the mighty Cardinals.

...sarming for the game, end Roger Hollen-  
...ck removes screwdriver from left kneepad.

Among the most indestructible creatures that ever lived is this hardy band of South dinosaurs ready to deliver the lethal blow.

Batman and Robin, alias Coaches Ray Rozek (center) and David Heinbuch, instill that fighting spirit in their team for the game with Gotham city's evil foe.

an Schmidt gets a boost from a helpful opponent in the  
regional basketball game against West Allis Central.

"See our fingers, see our thumbs, see our fists! You better run!"  
yell Coaches William Bartholomew and Richard Ricco in unison.

To Kathy - one of my partners in mischief in English and History. If ever I set my hair I shall think of you with fond, unceasing memories! Always,

Kathy,  
To a good friend  
I met at the baseball  
game tonight (June 10). Have  
fun this summer, and don't  
forget to much trouble.  
I mark Semrad  
that about me,  
you got your nose.  
P.S. You could see  
you don't know me.

When school spirit is down, the cheerleaders are the first to start the countdown to blast-off. Win or lose, their cheery smiles and spirited yells give bounce to lagging spirits. Even when the temperature drops to 20 below zero, they report for practice in the girls' gym at 7:15 A.M.

**1** Dan Brylow, a defensive end, lunges to complete a tackle against Marshall's ball carrier, Jim Koleas. Brylow received the Most Improved Player Award for the 1965 season.

**2** South's teamwork paid off with a touchdown by fullback John Weil against Juneau. John and Glenn Gienza each scored another touchdown breaking South's losing streak and making our Homecoming a more meaningful day.

By developing into one of the hardest hitting teams in the city, the varsity football squad finished in 1965 earning the title of "The Fighting Cardinals". Besides that title, they won the respect of every coach and team they played against. In the words of Coach William Bartholomew, "In each game the team displayed the kind of hitting that could be heard, not only seen." Defensively, the Cards boasted one of the toughest lines in the city, led by *Journal* and *Sentinel* All-City first-team selection, Dave Schmidt. Dave's brother Dan, a junior, should come back strong next year after receiving a good number of votes in the All-City balloting. High point of the season was the South Homecoming victory over Juneau, the first victory in twenty-one league games. On Athletic Honor Day the squad extended thanks to the student body for its outstanding support of the team, undoubtedly a factor in the Cards' success. Next year, new and old varsity members will attempt to retain the title "The Fighting Cardinals" with another strong season for South.

Kathy,  
Sorry to say  
but we didn't  
get in the same  
Chemistry class  
again. I'll always  
remember you as

good! Mrs. Paulovic

Hi Kathy,

It's really been fun this year and I hope we have many more. I also hope I'll see you this summer. If you ever want anyone to go downtown with just call me (383-5623) I'll call you to!

Loves ya,

Alan Mylraak

"Watch the Sailors"

Kathy,

Without you sitting next to me in short-hand I'd probably still be on my 40! I'm sure was a blast having you in this class and I hope we get steno. together. We have to in order for me to pass the course. It should be fun working together this summer even though I'll probably only last a week or so.

Kathy  
to a sweet gal  
in Chemistry  
Best of luck to you

Aka Kathy,  
To a very nice girl who has the wildest personality even though you do buy a pair of skate for shoes always (mostly)

KA KA

KA KA  
Gee! May be  
I should write  
the other meaning  
of that name, but  
you might get enough  
embarrassed  
and that you've had enough  
lately. Good luck  
Always.

Al  
I had such fun  
me and my Dodge  
I have fun this summer  
and I hope to see you  
next year.  
I had fun

to  
to see you next year  
to know you and all that  
to have fun and all that  
to a lot of fun and hope  
to know you and all that  
to have fun and all that  
to a lot of fun and hope  
to know you and all that  
to have fun and all that

The purpose of this  
 letter is to inform  
 you that we have  
 received your letter  
 of the 10th inst.  
 and are sorry to hear  
 of your illness. We  
 hope you will be  
 able to return to  
 work as soon as  
 possible. We will  
 be glad to hear  
 from you again.

ALWAYS KA KA  
You are real

Yo  
Rob  
Always  
You're a real nice girl -  
See you next semester -  
Have fun this summer  
T. J. Jones

Good Luck

to a girl I don't  
know, have fun.

Kathy

ME had great times.

sure a comy girl, but you  
 know how to roller skate.  
 You eat good too. I was  
 nice eating with you  
 for such a long time.

I'll Bless you Always.

Deba Paulucci

P.S. Too bad you  
have a foul neck

To Kathy,  
The girl that  
made Chem 2 worth  
while. I'm glad I  
got to know you, wish  
I would've got to know  
you Better.  
Good Luck - God Bless

To Kathy just Mel  
a good looking girl  
in homeroom
